## **PHARMACIES (APOTEK) IN STOCKHOLM**

Regulations governing the sale of pharmaceuticals in Sweden are strict. A prescription is often required to purchase medicine that could be purchased over the counter in the United States, such as strong cough medicine. Prescriptions are obtained from a doctor or midwife. American prescriptions are *not* honored in Sweden.

Pharmacies are typically open between 10am and 6pm. Hours vary around the city however, so please become familiar with the Apotek nearest your home and the hours they are open. They offer a variety of over-the-counter products such as shampoo, soap, toothpaste and such items; these items are also sold in supermarkets and are less expensive there.

**Apoteket C W Scheele** Klarabergsgatan 64

0771-450 450

*24 hour service all year.*

*For pharmacies closer to your home; look for signs with the word "Apotek" and note their open hours.*
